Governments think they can...
- Tell you what you can and cannot do to your body
- Establish 'borders', preventing you from freely roaming this Earth
- Detain you indefinitely for breaking rules they created
- Mandate your paying a percent of your income without any say as to where the money goes
- Tell you who you can and cannot marry
- Spend more money on war than on helping their own people
- Continue this behavior without the people realizing who holds the real power
It is only a matter of time...
